## Junior Software Developer

Ankara, Turkey Phone:(+90) 5442670706

Linkedin:<https://www.linkedin.com/in/deniz-karaca0/>

## Summary

I am a Full-Stack Developer with a strong background in modern web technologies. I specialize in building scalable and high-performance applications using Next.js, React, Node.js, Tailwind CSS, RESTful APIs, database management and cloud services. I enjoy creating interactive user interfaces and ensuring smooth backend integration with databases and APIs.

## Skills & Technologies

- **Frontend:** Next.js, React, Tailwind CSS, HTML5, CSS3, JavaScript (ES6+)
- **Backend:** Node.js, Express.js, ,API development
- **Databases:** MongoDB, Firebase
- **DevOps & Tools:** Docker, Git, CI/CD, Vercel, AWS
- **Other:** Authentication (OAuth, JWT, Firebase Authentication), State Management (Redux), Web Performance Optimization

## Experiences

### Citio Istanbul, Software Engineer

May 2024 - January 2025

Developed and maintained Citio's web platform, ensuring a smooth and responsive user experience using Next.js, React, and Tailwind CSS and implemented scalable backend services with Node.js and Feather.js, optimizing API performance and database queries.

Integrated third-party APIs for payment processing, booking management, and real-time notifications.

### Codinline Software and Consultancy, Web Developer

March 2023 - May 2024

Developed responsive web applications using React.js, Node.js and Tailwind CSS.

Worked on frontend features and UI improvements, ensuring a smooth user experience and backend api services.

## Languages

**English** – Professional Working Proficiency
